FAQ Sheet for Parents, Guardians and Caregivers
Will teachers be posting materials for our students?
The district will be posting some optional online materials for all students K-12. These can be accessed on the district website and will be available later on today. There is no district expectation at this time that individual teachers would be posting anything for their students.

What about use of the district’s outdoor facilities?
We do not plan to prohibit individuals from using the walking path, tennis courts or playgrounds for their own use. However, any requests for scheduled activities will be denied.

What about necessary items such as laptops (secondary students only) or medication that my child needs prior to our return to school?
Please call or email your building principal to arrange a time to pick up the necessary materials or medication. Please do not plan to come into the building after Tuesday, March 17th at 3:00 p.m. or anytime thereafter during the remainder of this week or the next. We are doing our best to disinfect the buildings, and any guests coming into offices after that point could add to the potential spread of the virus.

What if my children need to rely on the district for food during this time off from school?
If you are not able to provide meals to your children, please contact your building principal. We have some food available that we will distribute to families who are in need.

Will elementary parent/teacher conference still be held this week?
No face-to-face conferences will take place this week. The district will print and mail the elementary report cards. IEP and GIIEP progress notes may need to be provided at a later date.

What about Kindergarten registration and enrollment conferences?
Kindergarten registration and enrollment conferences will be postponed until further notice.
