Accessing the Internet at Home
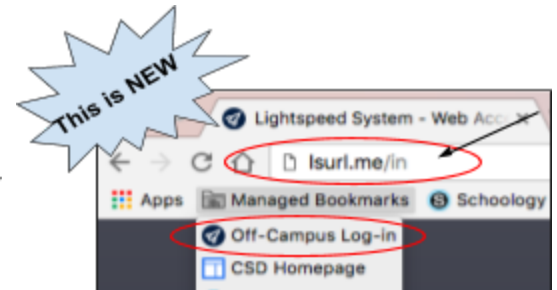

Connect to your wireless router by selecting the 📶 in the top right corner

Open an Internet Browser (Safari or Chrome)
- o *Note: It may seem that it is not working at first.*

Steps to success:

- o Type **LSURL.me/in**
  into the browser or choose
  Managed Bookmarks → Off-Campus Log-in

  This is NEW

  Lightspeed System - Web Acc
  lsurl.me/in
  Apps   Managed Bookmarks   Schoology
  Off-Campus Log-in
  CSD Homepage

- o You should see
  a login screen →

  Login to browse the internet
  Username | Password | Authenticate

- o **Sign-in** with your username
  and password

- o Your name will appear
  below "Login Successful" →

  Login Successful
  Currently logged in as name. (Not you?)

- o **Open a new tab** and web pages should
  load correctly

It is recommended that students log into their Google Account and Schoology Account **through the Student Portal found on the Cocalico School District's Website.**

If you experience technical issues that you cannot resolve, check in with your homeroom teacher the next morning and speak with the library staff.

Screens you may see

There is no Internet connection

You are not completely connected to your wireless router. Check the 📶

You need to log into the browser. See directions above.

Your connection is not private
